

# Make *your* mark on forever.

## Maintenance Manager, Victor Mine

Posting: 2011-075

Rotation: 4 days in, 3 days out

In the passionate pursuit of diamonds, our young Canadian mining operation is building upon the diversity of our people, their skills and De Beers' 120 years of experience to find and responsibly mine nature's oldest and most precious treasure.

If you like chasing demanding targets, thrive on making tough decisions in the pursuit of excellence, and enjoy the support of the world's finest experts, we have a place for you.

De Beers Canada, owner of the Snap Lake and Victor mines and managing partner of the Gahcho Kué Project, is looking for team players who value mining with respect for the environment and communities close by, and who will live up to everything a diamond represents – forever.

De Beers Canada– Victor Mine has career opportunity for an established Maintenance Manager to oversee the maintenance activities of the process facility, mobile maintenance shop and site services. The successful candidate will be establish and maintain best operational practices so that the safety, quality, efficiency and productivity of work are ensured and sustained.

Responsibilities include but are not limited to:

- Direct, coordinate and integrate all technical aspects of operational and shutdown maintenance projects in accordance with mine requirements;
- Prepare short, medium and long-term maintenance plans in alignment with business objectives;
- Optimize the integrity of processes by maintaining and improving technical standards, specifications and quality assurance systems in accordance with objectives;
- Develop and implement career succession plans to increase departmental and individual effectiveness;
- Ensure all safety, health, environment and legal standards are met and maintained.

Requirements:

- Engineering Degree or Diploma with PEO professional license;
- Minimum five (5) years experience in maintenance engineering at the Management level;
- Experience in maintenance of process facilities;
- Strong communication skills, both verbal and written, and sound leadership skills are essential;
- Experience working in a cross cultural environment.
